Dear George:

On behalf of the committee in Ridgefield, I wish to express our sincere thanks to you for your visit on September 24 and subsequent helpful information. We are also grateful for your setting an appointment for us at Moselem Springs on Monday, October 4. As it stands at this writing, all five members of the committee plan to make the trip and we are working on air transportation.

We expect to have the maps of the land in your hands by the end of this week and we look forward to receiving correspondence and a contract from you.

We would be delighted to have you join us at Moselem Springs on Monday and if you are generous enough to give us the proper strokes, we might even engage in a Nassau bet. However, we would be willing to wait until Monday for any first tee negotiations. We plan to arrive at the club a few minutes before 11 A.M. Hope to see you there.

Sincerely,

Don Brooks
