

December 20, 1971

Mr. Brian Schick, President
Ridgefield Jaycees
Ridgefield, Conn.

Dear Brian:

On behalf of the golf committee I would like to express our grateful thanks to your chapter for the very fine work they did with regard to the golf course referendum.

I am sure the efforts of all of us on the referendum day helped insure the victory by the margin attained. A lot of this can certainly be laid at the steps of the Jaycees who cooperated far beyond our expectations.

The golf committee naturally feels a very strong commitment to see this project through in the manner proposed and I should hope to have the cooperation of the Jaycees again if the need arises. With renewed thanks,

Sincerely,

Don Brooks
