March 7, 1972

Mr. Joe McLinden  
Town Hall  
Ridgefield, Conn. 06877

Dear Joe:

I recently received your letter with regard to the contract with George Fazio and the design of the golf course. At the present time I am completely unaware of the location of the contract but I would like to receive it and validate it as soon as possible.

Enclosed is a statement from George Fazio for the work he has completed to date. This amount is due regardless of the final outcome of our contract and it should be paid promptly.

In a matter of just a few more days we will owe him approximately \$19,000 more as all the designs, specifications etc. will be complete and ready for bidding by contractors.

Incidentally, our meeting with the Planning & Zoning Commission is scheduled for March 14 and the public hearing on March 28. It would be appreciated if you could find time to attend.

Please advise.

Sincerely,

Don Brooks

*Returned a copy of this letter to Don Brooks 3/13 with request that he answer my 2/18 letter. (Will be discuss at G.C. Comm. mtg 3/13)*

*Discussed with Reed Shields and Don Brooks 3/14. Asked me to return contract so they can insert changes.*
