MEMORANDUM:

TO: Golf Course Committee Members

FROM: Don Brooks

As all of you know the bids for the construction of the golf course are due at 5 P.M., on May 22nd. According to law, we must open the bids at that time. All committee members who wish to be in the First Selectman's Office, Town Hall, for the bid opening are welcome and encouraged to attend.

George and Tom Fazio have advised that unless they are at the course site for other specific purposes they will not attend the bid opening. Rather, they would prefer to examine the bids with the committee a day or so following the bid opening as negotiations on several items will possibly have to be made.
