RE: Gracy Services, Inc.

Dear Mr. Brooks:

I am sorry that I could not be at your August 28, 1972, meeting, however, possibly it may have been better that I was not there, in order that all the members of your committee could be brought up to date on this matter.

It's always nice when there are offers of settlement being made on a matter of this sort. I am sure you can understand my position, in that the amount you offered for settlement did not even cover anywhere near even half of the actual cost that my client is obligated to pay for the work he performed on your property.

I wish you would discuss this with your board members and also the Town Counsel. I would be quite happy to provide you with our bookkeeping records and the amounts paid out for the work performed.

Very truly yours,

WILBER & TUCCIO
