OF SELECTMEN

January 26, 1972

Mr. Don Brooks, Chairman  
Golf Course Committee  
168 Tackora Trail  
Ridgefield, Connecticut

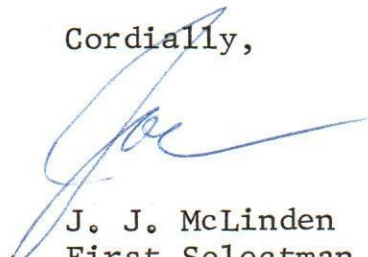

Dear Don:

I met with Mike Jaykus of Henrici Associates on the golf course boundary marking situation this morning.

Fortunately, Henrici has surveys of the three parcels and they have produced a composite map of the full golf course site. They even have a survey map of the full length of Old West Lane.

Their charge for staking the boundaries is \$25.00 per point, and <sup>we</sup> determined that there would be an absolute minimum of 30 points required. I therefore authorized them to do the job at a price not to exceed \$1,000. Mike said he hoped to get the job started this Saturday, January 29.

Cordially,

J. J. McLinden  
First Selectman

Regarding Henrici's \$1000 invoice--only work done by him was the staking of the field; as far as Don Brooks knows, no map has been received though it is possible that Mr. McLinden has received one. The Power Company will probably need same. It must be determined whether map was to have been included in the \$1000 charge before the bill is paid.

See Meeting Summary 1-31  
where Jaykus rec'd authorization  
to go ahead
